

DPM HOBBY

Desintegrator - Chopper - Grinder

Discover the DPM HOBBY, a machine powered by an electric motor that delivers higher performance in all its functions. It offers options for chopping and grinding a wide range of feed for your livestock.

The DPM HOBBY processes both dry and green products, suitable for preparing rations or for the animals' daily feeding.

- Green products: Chops forage (sugarcane, grasses, sorghum, corn, etc.), disintegrates branches, roots, tubers, and more.
- Dry products: Grinds maize kernels, seeds, husks, and cereal straws (rice, etc.).
- Produces grits, fine flour, coarse flour, etc.

In addition to being a dual-purpose machine, it guarantees efficiency and quality in every task.

COMPATIBLE WITH:

- Single-phase electric motor, 1.5 HP (direct to rotor), 60 Hz - high rotation - 110/220 V
- Single-phase electric motor, 1.5 HP (direct to rotor), 50 Hz - high rotation - 110/220 V

RAW MATERIAL	SIEVE	PRODUCTS
Maize Kernels	1.5 mm	Maize flour
Maize Kernels	3.0 mm	Maize semolina
Maize Kernels	5.0 mm	Maize semolina
Maize Kernels	10.0 mm	Maize semolina
Forage	Smooth Base	Forage

TECHNICAL FEATURES

Rotation [RPM]: 3,470 RPM				Number of hammers: 2 (fixed)	
Number of blades: 2				Approximate wight (with motor): 33.5 kg	
PRODUCTION [KG/HOUR]					
SHELLED MAIZE				SUGARCANE, GRASS, ROOTS, AND TUBERS	
SIEVES				SMOOTH PLATE	
1,5 mm	3,0 mm	5,0 mm	10,0 mm	-	
30/40	80/100	110/180	130/320	600/1200
